STAGE 3

As a member of the RecruiterGenie.com you will gain unlimited access to all the job orders posted by our corporate clients and other recruiters. Each posted job order includes the search fee, guarantee as well as other pertinent information. Companies you were never able to crack will now have their jobs posted for all member recruiters to view and submit candidates. If you have a qualified candidate and will accept the fee they agree to pay then follow the instructions on the job order and forward your candidate for that job. When more than one recruiter submits the same candidate, the time of submission will determine which recruiter gets credit. Note, always ask your candidate prior to submission on any job order if they have already been submitted.

The benefits are obvious; by becoming a member of RecruiterGenie.com you should increase your placements, which will have a profound effect on your bottom line. The candidates you worked so hard to surface can now be given numerous choices of opportunities instead of sitting in your database waiting for someone else to place.

Will you still be able to build a relationship with an employer? You bet. The best way to achieve that goal is to fill their current 'hot' position.

Join today! There's no risk. Once you get approved you can view the job openings on the network.
